

IMPLANTOLOGY

Dental implantology ease and efficiency

2015

SAVE THE DATE
17. 4. 2015

The key topics of the **19th annual scientific conference, IMPLANTOLOGY 2015**, are simplicity and efficiency in dental implantology and modern trends of prosthetic treatment. The speakers present, among other topics, their experience with the new Bio-niQ® implant system.

The conference takes place **on Friday, 17 April 2015, at the Clarion Congress Hotel in Prague.**

LECTURERS

Jan Drazan (CZ), Kai Fischer (DE), Tomas Hudler (CZ), Dana Kopecka (CZ), Antonin Simunek (CZ), Vladimir Zabrodsky (CZ)

PRESENTATION OF POSTERS

We invite all participants to give a poster presentation. If you are interested in participating in the poster section, please, send the title and a short abstract of the poster, together with the names and addresses of the authors, by e-mail to: info@lasak.cz by 15 March 2015 (space is limited). The authors of the posters will have FREE ENTRANCE; the conference organizer will provide the printing of the posters.
